O R D E R:

In the reference 4th read above, the Commissioner (R&R), Irrigation & CAD Department, Secunderabad has reported that the Three Men Committee submitted its report duly recommending to consider the declaration of Yenni Ramannapeta village of Kottur Mandal, Srikakulam District as fully submerged village and extend R&R benefits as provided in the A.P.State R&R Policy, 2005 based on the following reasons.

- I. Out of the total land holding of Ac.156.71 belonging to the village, a total of Ac.109.73 was already acquired for different purposes leaving only Ac.46.98.
- II. Out of remaining Ac.46.98, an extent of about 10.00 Acres land is located on the side of Peddasankili left over lands (proposed for acquisition) in Hiramandalam (M). The same is inaccessible once the Project is Commissioned and needs to be acquired, leaving behind only a meager 36.98 Acres, which will not be sufficient for the inhabitants to thrive / eke-out their lively hood.
- III. The village is getting locked n the three sides i.e., on one side by the Reservoir and on the other side by Flood flow canal and the Subsidiary bund. Four structures are likely to be lost under the subsidiary bund.
- IV. The village is coming on the inner side of the subsidiary bund.
- V. On account of the proximity to the FRL level, Flood flow canal and Subsidiary bund, the village is likely to become, water logged and as a result of seepage, the structures are likely to be damaged resulting in huge loss to the residents.
- VI. The village is located below top level of the subsidiary bund (Max+74.00) Varying in between+69.00 to 74.00. The Reservoir level (FRL) is +67.056.
- VII. The presence of some new structures within the limits of FRL +100.

(P.T.O.)

- VIII. The villagers are willing to retain the left over small portion of Ac.36.98 land with them which may reduce the financial burden on the Government.
- IX. The road leading from Hiramandalam to Kottur connecting the village is getting cut-off due to submergence in the Reservoir, and, as a result the village is getting totally isolated.
2. The Commissioner (R&R), Irrigation & CAD Department, Secunderabad / the District Collector, Srikakulam have requested the Government for issue of necessary orders duly declaring Yenni Ramannapeta (v) as fully submerged village in order to extend the R&R benefits to the families residing in the above said village as provided under A.P.State R&R Policy, 2005.
3. After careful examination of the matter, Government hereby declare the Yenni Ramannapeta village of Kottur Mandal, Srikakulam District which comes under the submergence of BRR Vamsadhara Project Phase.II of Stage.II as fully submerged village as per Para 5.1 of Andhra Pradesh Rehabilitation & Resettlement Policy, 2005 issued in G.O.Ms.No.68, Irrigation & CAD (PW:LA.IV-R&R) Department, dated 08-04-2005.
4. Accordingly, the following notification shall be published in the next extraordinary issue of the Andhra Pradesh Gazette.

NOTIFICATION

“Under Para 5.1 of Chapter-V of Andhra Pradesh Resettlement and Rehabilitation Policy, 2005 issued in G.O.Ms.No.68, Irrigation & CAD (PW:LA.IV-R&R) Department, dated 08-04-2005, the Government of Andhra Pradesh hereby declare the Yenni Ramannapeta village of Kottur Mandal in Srikakulam District as fully submerged village under BRR Vamsadhara Project Phase.II of Stage.II.

5. The Commissioner (R&R), Irrigation & CAD Department, Secunderabad / the District Collector, Srikakulam / the Joint Collector, Srikakulam shall take further necessary action in the matter accordingly.
